High energy business professional with a passion for manufacturing, technology, automation & visibility. Proven ability to deliver cost savings, process improvements, data analysis, and exceptional customer service.

Work Experience

Manager of Business Analytics | HM DUNN AEROSPACE | Apr 2018 TO Present

- Create Bi Visibility for all business functions (Finance, Operations, Supply Chain, Quality, etc.).
- Solely through reporting automation was able to reduce SGA headcount by 2.
- Created and led Obsolete Inventory cost recovery team at a current impact of \$1M.
- Design and monitor automatic data extraction and consolidation of data from 3 separate ERP's.
- Manage ~120 daily reports through automation (Reports used by every level of our organization)
- Supported site closure activities (Provided visibility, planning and support for Asset and Inventory Transfers).
- Created Consolidated Ops Dashboard with daily sales margin detail, Operations now knows how they are doing day by day as opposed to waiting for the end of month financial reporting.
- Created Daily automatic employee hour utilization reporting Tool (DOI), This tool alone drove operations to a 4% increase of employee utilization
- Using Power BI and SQL, automated the monthly finance reporting package, thus shaving 4 hours off the close process.

SCM Sourcing Analyst | HM DUNN AEROSPACE | Jun 2017 TO Apr 2018

- Designed, developed and deployed company-wide shortage tracking tools and definitions, thus resulting in a shortage reduction of ~50%. Previous shortages reports were not consolidated nor was the logic aligned across our various sites.
- Created/Maintained SharePoint Site for SCM Processes and Tracking, including a quote tracking/request tool that allows purchase requests to be monitored and performance and buyer performance measured.
- Created Quote Cost Analysis tool for new suppliers/Transfer of Work process. This allows for buyers to quickly analyze quotes from various suppliers and make a purchasing decision.

Supply Chain Procurement Analyst | SPIRIT AERO SYSTEMS | APR 2015 TO Jun 2017

- Designed, developed and deployed SCM metric tracking including shortages, cost overruns, and operational efficiency.
- Leveraged SQL queries to regularly produce presentations for Executive leadership.
- Created automatically updating Buyer Dashboard for Metric Improvement.
- Used VBA code to create data entry automation tools into SAP (Used across the entire org). This allowed purchasing agents tools that would remove tedious data entry from a lot of their day to day job.
- Using VBA SAP automation tool was able to update 10,000 Purchase orders in one day, avoiding ~100 hours of overtime cost.
- Utilized SQL Queries to forecast demand and develop inventory strategy to support production.

SUPPLY CHAIN AGENT | BOMBARDIER AEROSPACE | APR 2013 TO APR 2015

- Managed international and domestic suppliers for the Learjet 85 program. This involved taking the requirements out of our ERP and implementing a procurement strategy to ensure the least amount of shortages as possible.
- Utilized SAP for PO Creation, Inventory movements, invoice resolution and reporting.
- Lead team's process improvement initiatives. One key initiative/success was creating and implementing a training documentation database for the team, this streamlined training and allowed for new and existing team members to be more efficient and successful in their jobs.

- Lead FAA conformity initiatives for domestic and international sites, this involved working cross functionally with operations, procurement and FAA representatives.
- Coordinated and expedited supplier experimental aircraft wing test rigs. During this time the team was able to deliver the first completed wing rig from our supplier in Red Oak Texas to the assembly facility in Toronto Canada.

MANAGER | NORTHSTAR AUTO GLASS | JUN 2010 TO APR 2013

- Managed team of 10 to achieve sales goals and provide great customer service.
- Led employee development and training.
- Organized inventory audits, review & interpret results.
- Reviewed and resolved any shipping and receiving discrepancies.
- Created and installed standardized work processes.

IT PROCUREMENT ANALYST | KOCH BUSINESS SOLUTIONS | DEC 2008 TO JUN 2010

- Purchasing responsibilities for all aspects of software procurement for all Koch Companies
- Designed & implemented standardized purchasing work practices, this drove quicker order times and standardized training
- Identified and negotiated cost savings with vendors.
- Worked cross functionally to ensure software licensing compliance was achieved.
- Provided training to new employees including software licenses, asset management & procurement processes.

PURCHASING AGENT/SALES | NORTHSTAR AUTO GLASS | DEC 2006 TO DEC 2008

- Investigated vendor quotes according to quality, cost, and delivery options for services.
- Negotiated contracts with contractor personnel and monitor progress to ensure compliance with contract terms and conditions and organization objectives.
- Followed up on and expedited acquisitions, ensuring services were delivered on time.
- Focused on reducing costs, controlling material/service usage, improving productivity, standardizing products, and leveraging expenses.
